Welcome to **C135**. This general classroom is equipped with a PC, a monitor, a ceiling mounted projector, and an audio video control system with sound.
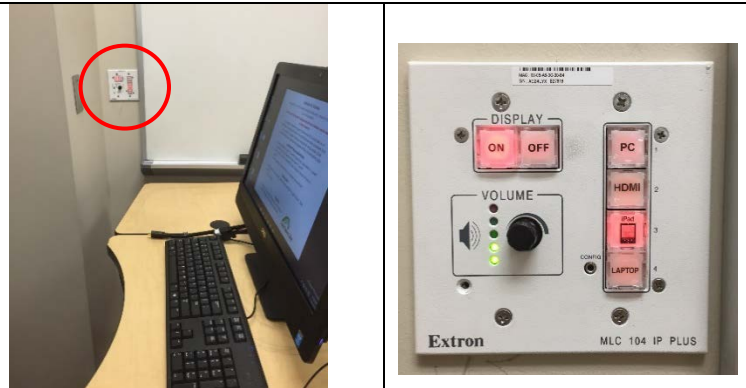

The computer is located on the instructor console.

- If the computer screen is blank, move the mouse to wake it up. If it does not respond, press the power button located on the side of the computer.
- Log in by typing fcc\ followed by your network name and password.
- REMEMBER TO LOG OUT WHEN YOU ARE FINISHED.
- The DVD player is located on the side of computer screen. Playback controls will launch on the computer once a disc has been inserted.
- USB ports are located on the side of the computer screen.

DVD Player

Power Button

Buttons to control the projector power, volume, and input sources are located on the wall to the left of the instructor console.

If you wish to connect other devices to project on the screen, use the cables on the console and press the corresponding button on the A/V control.

The Apple TV is located in the instructor console behind the tinted glass plate. Please check with your office manager about the location of the remote.

To project your iOS device (such as an iPad or iPhone) using Air Play, you must first connect to the Instructional wireless network. Please contact the IT Service Desk for access to this network. When you connect your device, you will be prompted to enter the code that displays on the screen.
