Academic Assessment and Placement Policy and Procedures

I. Philosophy and Scope

Frederick Community College (“FCC” or the “College”) is committed to supporting student success by ensuring appropriate course placement using a series of computer-based assessment tests that measure individuals’ reading, writing, and math skills. Minimum placement scores, known as cut scores, are established through statewide agreements. These scores are used to determine college-readiness and placement into specific courses, including developmental and college-level courses. Credit courses have prerequisites that include expectations of college-readiness as reflected in the placement scores and/or other pre-established expectations. This policy and procedures outlines placement test requirements, guidelines for placement, and exemptions and exceptions to required placement testing.
