# **Inclement Weather/College Closing Policy and Procedures**

---

## **I. Philosophy and Scope**

The President of Frederick Community College (“FCC” or the “College”) or his/her designee will decide when classes are to be cancelled, or when the College is to be closed because of inclement weather or other emergency conditions. Only the decision to delay or close will be communicated. It should be assumed that the College is open if there is no notification of a delay or closure.

The President will consult with the Chief of Operations when considering a decision to close or delay the opening of the College. The Chief of Operations will gather and communicate to the President the information necessary to make an informed decision related to College operations.

## **II. Definitions for the Purpose of this Policy and Procedures**

- A. **“Inclement weather”** refers to weather that is normally considered to be related to snow or ice storms, but may include extreme cold temperatures or weather warnings for hurricane or tornado activity.
- B. **“Emergency conditions”** refers to conditions that, in the determination of the President and Chief of Operations, may put the College community at risk.
- C. **“College closing”** is the closing of all buildings and offices, cancellation of all classes (credit and non-credit), and the cancellation of all scheduled non-academic activities and events at both the main campus (including the Carl and Norma Miller Children’s Center) and the Monroe Center (unless otherwise noted in the closing announcement). Online and hybrid classes shall proceed whenever possible during inclement weather closings or delays.
- D. **“Essential Personnel”** refers to those employees designated in their job description or by the President as essential to the operation of the College during an identified period of time. Essential personnel are required to report to work as scheduled, or remain at work until released by their supervisor.

## **III. College Closing and Delayed Opening Procedures**

All College employees and students are encouraged to sign up for the FCC Alert ([www.frederick.edu/fccalert](http://www.frederick.edu/fccalert)) to receive the most accurate announcements of College closings or delays. Announcements of College closings and delays will also be communicated through:

- College Information – (301) 846-2400
- FCC Alert text message (register at [www.frederick.edu/fccalert](http://www.frederick.edu/fccalert))
- Comcast Cable – FCC TV Channel 23
- FCC website – [www.frederick.edu](http://www.frederick.edu)

- A. A decision **to close** the main campus and Monroe Center for the entire day will be communicated by 5:30 a.m. or as changing weather conditions warrant.
- B. A decision **to delay** opening the main campus and Monroe Center until 11:00 a.m. or 5:00 p.m. will be communicated by 5:30 a.m. or as changing weather conditions warrant.
  1. Buildings will be unlocked one half-hour before the announced start time.
  2. Classes that are scheduled to start before a delay will not meet, unless the instructor has communicated to the students that they are to report to class at the delayed opening time.
- C. A decision **to close** the main campus and Monroe Center during the day or evening will be communicated in as timely a manner as conditions warrant.
- D. If FCC is open and an FCC class is held at an off-campus location that is closed – such as an FCPS site – the class will be cancelled. If the off-campus location is open, but FCC is closed, the class at the off-campus location will be cancelled, with the exceptions noted in Sections E and F below. Students should check with their instructors.
- E. Students enrolled through FCC and attending classes at a partnering institution will follow that institution’s policy for delays/closings.

## **Inclement Weather/College Closing Policy and Procedures**

---

- F. Allied health students participating in a clinical off campus may still need to report to their location (students should check their class Blackboard site to confirm). Students enrolled in other specific off-site programs, such as Continuing Education and Workforce Development Allied Health clinicals, may not have access to Blackboard announcements. These students should follow specific instructions provided in advance by their program manager or teacher about how inclement weather closures and delays will impact expected attendance.
- G. Online courses shall proceed whenever possible during inclement weather closings or delays (students should check their class Blackboard site to confirm).
- H. Because weather conditions can deteriorate unexpectedly, students and staff should check the FCC website, [www.frederick.edu](http://www.frederick.edu), for the latest information prior to coming to campus or the Monroe Center.
- I. When it is determined that the College is open, all employees are expected to report to work. However, the College recognizes individuals are the best judge of their own safety when deciding whether or not to travel during inclement weather. Employees eligible for annual or personal leave may use their leave if they feel that travel to FCC may be unsafe if the College is open for business.

If a credit full-time or adjunct faculty member determines that it is unsafe to travel to class because of inclement weather, he or she may choose to cancel or reschedule the class. In such cases, the full-time or adjunct faculty member is responsible for communicating directly to the students via Blackboard. Text and/or email may be used as a secondary notification. Both full-time and adjunct faculty must notify their Department Chair and Associate Vice President/Dean.

If a CEWD adjunct faculty member determines that it is unsafe to travel to class because of inclement weather, he or she must notify their program administrator or program manager.

- J. All College employees designated as essential personnel must report for work as directed by their supervisors.
