Articulation Agreement Between

Frederick Community College

And

Stevenson University

This Articulation Agreement ("Agreement") is made by and between Frederick Community College (FCC), 7932 Opossumtown Pike, Frederick, MD 21702 and Stevenson University (SU), 1525 Greenspring Valley Road, Stevenson, MD 21153.

WHEREAS FCC and SU recognize the need and importance of facilitating the transfer of students from FCC to SU as these students pursue their educational goals, and

WHEREAS FCC and SU recognize that to enhance this transition, a formal articulation agreement between FCC and SU should be established, and

WHEREAS FCC and SU have conducted a thorough review of the curricula at FCC and SU in the Human Services programs,

Now, **THEREFORE**, in consideration of the mutual promises and conditions herein, the adequacy of which is hereby acknowledged, FCC and SU hereby agree as follows:

The following general principles guide the operation of this Agreement:

- 1. The program is designed for graduates of the Human Services AA program. A maximum of 70 credit hours from FCC will be allowed toward fulfillment of the 120 credit hours required for baccalaureate completion.
- 2. All course credits as delineated in the attached articulation plan will be accepted as transfer to fulfill SU requirements for the B.S. degree in Human Services. Only courses in which the student earns a grade of "C" or better are eligible for transfer.
- 3. Students must maintain a 2.0 cumulative grade point average in order to transfer.
- 4. Credits earned from non-direct classroom instruction (including CLEP, AP, and other nationally recognized standardized examination scores) are included in the maximum of 70 credits that will be accepted by SU toward degree requirements. An appropriate score is determined by SU, and student must submit original test scores/results to SU. Tech Prep credits will not transfer. Credit awarded for experiential learning ("life experience") is not recognized by, and is not transferable to, SU.
- 5. Students intending to transfer should complete the admission application for SU following the third semester of their Associate Degree program. Students should contact the Financial Aid Office at SU as soon as possible in regard to college deadlines for financial aid.

- 6. While FCC and SU do not presently have a dual enrollment program should one be agreed to, this agreement will not preclude students from participation and students may apply for and receive the benefits of dual enrollment. Those students would then be subject to the policies of said program should they apply.
- 7. FCC students who have completed the A.A. degree in Human Services will be given every consideration for financial assistance and will be eligible to compete for academic scholarships at SU.
- 8. FCC and SU further agree to monitor the performance of this agreement and to revise it as necessary.
- 9. Appointed institutional representatives at FCC and SU will insure that appropriate personnel in their respective institution are aware of this agreement, including the admissions and advising staffs, transfer coordinator, and appropriate faculty and deans.
- 10. Students who begin their studies at FCC will be treated on an equal basis with students who began their studies at SU in regards to the award and distribution of financial aid, campus housing, course selection, registration and all other student services.
- 11. FCC and SU agree to publicize this agreement. The FCC will distribute information regarding this articulation agreement to FCC students interested in pursuing a Bachelor's degree in Human Services.
- 12. FCC and SU will conduct an annual review/revision of the procedures and contract.

This agreement becomes effective upon signature by all parties and shall continue in effect unless voided by either party upon sixty (60) days prior written notice. FCC and SU will consider, in good faith, any amendments proposed by either party; however, the Agreement may only be amended in writing, signed by both parties.

The agreement may be terminated by either party for due cause and after adequate notice to the other. Termination of the agreement will not affect any students currently enrolled at FCC in the Human Services major at the time of termination, and they shall be able to transfer credits pursuant to this agreement.

IN WITNESS WHEREOF the parties hereto have executed this agreement in duplicate this

day of April 2009.

President
