Important Notes: The schools represented here are only a small sample of transfer options. Information is subject to change, and this suggested pathway is a guide, not a contract. Students should use this in consultation with an FCC advisor, the FCC catalog, [ARTSYS](#) (the state-wide online transfer system), and an advisor at the transfer institution. See the “Pathway Notes” section for more detailed information.

Full-time student: Follow the green semester blocks in order. **Part-time student:** Follow the blue course sequence at your own pace.

Pathway Notes

* must earn a grade of “C” or higher in this course

**gateway course for admission to University of Maryland

Transfer Institution Information

In addition to the schools listed on the suggested transfer pathway, Business Administration students have also recently transferred to Hood College, University of Maryland Baltimore County, and Salisbury University.

Frostburg State University is not a competitive admission program. Students in the business administration program take a common core of business classes and then specialize in a concentration to complete their bachelor’s degree. Concentrations include Finance, General management, Global business, Human resource management, Marketing, and Small business/entrepreneurship.

Mount St. Mary’s University offers a Business Major with optional concentrations in Finance, International Business and Economics, Management, Marketing, and Information Systems. FCC’s Business Administration program also transfers to the Bachelor of Science in Accounting; consult an advisor for details.

University of Maryland University College (UMUC) offers Bachelor’s degrees in Accounting, Business Administration, Cybersecurity Management and Policy, Finance, Human Resource Management, Legal Studies, Management Studies, and Marketing.

Towson University’s Business Administration major offers Concentrations in Economics, Entrepreneurship, Finance, Financial Planning, Human Resource Management, International Business, Investments, Leadership & Management, Legal Studies, Marketing, and Project Management & Business Analysis. The Business Administration major is selective admission. A GPA of 2.7 or higher is required in the gateway courses with a star on the pathway and no more than two courses may be repeated. Towson also offers Bachelor’s degrees in Accounting, Business Administration, Business Systems & Processes, and Economics.

University of Maryland College Park offers Bachelor’s degrees in Accounting, Finance, Management, Information Systems, International Business, Supply Chain Management, Marketing, and Operations Management & Business Analytics. Admission to the program is highly competitive and requires the completion of the double-starred courses with a grade of “C” or better and a minimum cumulative GPA of 3.0. Only one gateway or performance review course may be repeated to earn the required grade and that course may only be repeated once. All courses with a star require a grade of “C” or better. Admitted UMD students who have completed all of the gateway requirements and have a 3.8 or higher cumulative GPA on all attempted college coursework will be admitted into the Business major. Students with a cumulative GPA of 3.0-3.799 will undergo a competitive review for admission to the Business major.

Advising

Students should meet with an advisor each semester to carefully select and sequence courses based on their specific academic goals and interests. The Counseling & Advising Office offers general advice: emailadvising@frederick.edu • 301.846.2471 • frederick.edu/advising. Program managers offer specific academic area advice: frederick.edu/programs

Completing the Pathway

Students who take fewer than 15 credits each semester or who require developmental English or math coursework will need additional semesters to complete their degrees. Summer and January term classes may help students to make faster progress.

General Education CORE courses can often be taken in any semester. One course must be designated as a Cultural Competence course. A minimum of nine credits must be taken at the 200 level. Refer to the college catalog (frederick.edu/class-schedules) for course details and the list of General Education and Cultural Competence classes.

Reverse Transfer

FCC students who transfer to another school may transfer credits *back to FCC* from that school to fulfill FCC associate degree requirements. Visit frederick.edu/credit-admissions/reverse-transfer or contact an advisor for more information.
