

The Nursing program at FCC is a selective admissions program. This pathway is for students who have been accepted into the FCC Nursing program only. Students who have not yet been accepted into the Nursing program should begin the Pre-Health Professions Pre-Nursing pathway and apply to the Nursing program after all selective admissions courses have been completed.

Guided Pathway to Success (GPS)

Suggested schedules map your path to degree completion.

Full-time student: Follow the green semester blocks in order.

Students should meet with an advisor each semester to carefully select and sequence courses based on their specific academic goals and interests. Visit Jefferson Hall or call 301.846.2471 (301.846.2625 TDD) for advising.

Students who take fewer than 15 credits each semester or who require developmental English or Math coursework will need additional semesters to complete their degrees. Summer and January term classes may help students to make faster progress.

General Education CORE courses can often be taken in any semester. One course must be designated as a Cultural Competence course. A minimum of nine credits must be taken at the 200 level. Refer to the college catalog for course details and the list of General Education and Cultural Competence classes. <http://www.frederick.edu/class-schedules.aspx#catalog>

Students are strongly recommended to consult an FCC advisor to select elective courses. Students planning to transfer may also reference ARTSYS, the Maryland Articulation System, www.artsys.usmd.edu.

Take this course within the first 24 credits.

Milestone course – take within recommend credit range to stay on track for completion.

1 Recommended First Semester (Summer)

Gen Ed CORE	EN 101 English Composition		3 credits
Gen Ed CORE	Mathematics Gen Ed (MA 206 Statistics recommended)		3 credits
