TUITION & FEES

Our College is dedicated to providing quality education, superior resources, and affordable tuition. FCC tuition and fees for a full-time (12 credit) in-county student amount to approximately \$3,700 per year. By comparison, the College Board reports the national average for tuition and fees exceeds \$9,000 at public four-year colleges and averages \$31,000 at private schools. Academic Assessment and Placement Policy and Procedures

I. Philosophy and Scope

Frederick Community College ("FCC" or the "College") is committed to supporting student success by ensuring appropriate course placement using a series of computer-based assessment tests that measure individuals' reading, writing, and math skills. Minimum placement scores, known as cut scores, are established through statewide agreements. These scores are used to determine college-readiness and placement into specific courses, including developmental, English language acquisition, and college-level courses. Credit courses have prerequisites that include expectations of college-readiness as reflected in the placement scores and/or other pre-established expectations. This policy and procedures outlines placement test requirements, guidelines for placement, and exemptions and exceptions to required placement testing.

Students will be considered in-county, out-of-county, or out-of-state for tuition calculation. For the purpose of establishing differential tuition, the following procedure applies to both full and part-time students. (See related Tuition and Fees Policy and Procedures.)

A student's determined residency status will be used in the evaluation process for Selective Admission Programs.

- A. Students requesting reduced tuition rate based on a change in residency must submit proof of actual address change as defined in Section VI to Registration and Records and complete the "Change of Address" form available either online at www.frederick.edu or in Registration and Records in Jefferson Hall. Residency is not retroactive. A student who changes residency during a semester and provides proof after the "last day to add" will have their residency adjusted for the following semester.
- C. If there has been a change of address that effects residency, the student will be notified by email and tuition will be adjusted for the following semester as follows:
 - 1. A student moving to a higher tuition rate based on their residency will have their residency automatically changed to reflect their new residency status.
 - 2. A student moving to a lower tuition rate based on their residency will bear the burden of proof of the new residency status.

Family Educational Rights & Privacy Act of 1974 (FERPA)

FERPA, commonly known as the Buckley Amendment, was issued by the Department of Health, Education and Welfare in the 1976 Federal Register. The regulations were transferred to the Department of Education when it was established and codified in Part 99 of Title 34 of the Code of Federal Regulations.

The purpose of FERPA is to afford certain rights to students concerning their educational records. FERPA applies to all schools that receive funding under most programs administered by the Secretary of Education. Most postsecondary institutions, both public and private, generally receive such funding and must, therefore, comply with FERPA.

FERPA applies to all education records maintained by a postsecondary institution, or by any party acting for the institution, which are directly related to the student. These include, but are not limited to, assessment test scores, academic standing, rosters, class schedule, or any information that would make the student's identification easily traceable. FCC may release directory information, which includes student's name, dates of attendance, and enrollment status—see the FCC catalog for a complete list.

Graduation from a physical therapist [assistant] education program accredited by the Commission on Accreditation in Physical Therapy Education (CAPTE), 1111 North Fairfax Street, Alexandria, VA 22314; phone: 703.706.3245; accreditation@apta.org is necessary for eligibility to sit for the licensure examination, which is required in all states. • Frederick Community College is seeking accreditation of a new physical therapist [assistant] education program from CAPTE. The program is planning to submit an Application for Candidacy, which is the formal application required in the pre-accreditation stage, in September 2021. Submission of this document does not assure that the program will be granted Candidate for Accreditation status. Achievement of Candidate for Accreditation status is required prior to implementation of the professional phase of the program; therefore, no students may be enrolled in courses until Candidate for Accreditation status has been achieved. Further, though achievement of Candidate for Accreditation status signifies satisfactory progress toward accreditation, it does not assure that the program will be granted accreditation.

Course Options

Fall 2021

FCC is working to increase the number of in-person classes while continuing to comply with public health and safety standards. **Classes will be offered using the following learning formats:**

In-Person Courses*

The course will meet on campus in an in-person environment.

Students are expected to attend all class sessions in person.

All College health and safety protocols should be observed while on campus.

Online Courses (ONL)

The course is entirely online.

The class does not meet at a scheduled time.

Students will meet all expected deadlines and expectations outlined by the professor.

Students complete work on their own time.

Structured Remote Courses (SR)*

The course is entirely online with scheduled class times.

Scheduled class times will be used for real-time virtual sessions, which may include virtual lectures, group discussion, or other class activities.

Real-time virtual sessions will occur a minimum of once per week during scheduled class times. Scheduled real-time virtual session dates will be designated on the syllabus.

Students are expected to attend real-time virtual sessions. However, these sessions will be recorded and made available for students unable to attend.

If graded assessments are provided during a real-time virtual session, students not in attendance will be provided an opportunity to make up work or be provided with a comparable alternative assessment without penalty.

Hybrid Remote Courses (HYR)*

The course requires in-person and virtual participation.

In addition to participating in real-time virtual sessions, students will be expected to come to main campus, clinical sites, or the Monroe Center for in-person class sessions during the scheduled time. In-person and real-time virtual session meeting dates will be designated on the syllabus.

Students are expected to attend all in-person and real-time virtual sessions. Students unable to commit to regular attendance should consider courses designated as Online (ONL) and/or Structured Remote (SR).

Please contact your advisor for help or emailadvising@frederick.edu to answer any questions.

All College health and safety protocols should be observed while on campus.

*** IMPORTANT NOTE FOR IN-PERSON, STRUCTURED REMOTE (SR), AND HYBRID REMOTE (HYR) COURSES:** When registering for classes, consider the course format, meeting dates and times, and location(s) for in-person participation, as well as requirements for real-time virtual instruction. Students must allow appropriate transition times between classes to account for different meeting requirements and/or locations.

Note that certain no/low cost textbook courses (e.g., science labs, art studio classes) have textbooks available for less than \$40 but may require purchase of additional course materials and supplies.

ONLINE, STRUCTURED REMOTE & HYBRID REMOTE COURSES

Please read the following requirements before registering for an online, structured remote, or hybrid remote course.

Frederick Community College offers three types of courses over the Internet: online, structured remote, and hybrid remote courses. Hybrid remote courses require the student to attend some class sessions on campus; online and structured remote courses do not. Online courses may require a proctored assessment. Any course section with the letters "HYR" indicates a hybrid remote course. The mouse icon (🖱️) indicates online courses.

Online, structured remote, and hybrid remote courses are taught on Blackboard™ and require that students:

- Have Internet access through broadband connection or Wi-Fi (wireless)
- Have access to a Windows, Mac, or Linux computer
- Have Windows 7 or higher, Mac OS X, or Linux with Ubuntu 14 or higher
- Have Internet Explorer 8 or higher, or the most recent version of Mozilla Firefox or Google Chrome, all with the most recent Java and Flash updates applied
- Establish a myFCC e-mail account;
- Have basic computer skills in word processing, e-mail procedures, web-browsing, and handling features such as pop-up blockers;
- Are responsible for maintaining appropriate security and virus protection when using the student's own personal computer(s).

Students should expect to spend as much time on an Internet course as they would on a traditional on-campus course. Students should be self-motivated to handle the independent nature of learning that occurs in online courses.
