The following methodology was used to determine which students received Emergency Financial Aid Grants and how much they received under Section 18004(a)(1) of the CARES Act.

INSTRUCTIONS PROVIDED TO STUDENTS

On May 24, 2020, Frederick Community College established a webpage (<https://www.frederick.edu/cost-financial-aid/cares-act.aspx>) to report on CARES Act Emergency Financial Aid Grants to Students and inform students and the community. This webpage includes a list of Frequently Asked Questions. On June 30, 2020 the webpage was revised and expanded to include information and a report on Higher Education Emergency Relief Fund – Institutional Portion funding. The FCC website now has two dedicated webpages, one for each HEERF award, which are updated with new reports. All prior reports are archived on the pages for reference.

Students who were determined eligible for Emergency Financial Aid grants were sent an email to their College email address (myFCC) with brief instructions and a link to an online form. Students were asked to complete the form and confirm whether they had incurred additional expenses as a result of the disruption to campus operations during the Coronavirus pandemic. An email message also was sent to students’ personal email address on file directing them to check their myFCC email for an important message from the College. Additionally, a note was added within the student information system’s financial aid checklist item and an automated call was made to eligible students directing them to check their myFCC email. Students who completed the online form confirming they incurred additional expenses as a result of the disruption to campus operations were informed via email when their Emergency Financial Aid

grant had been awarded. Email communications sent to students' myFCC email account included an email address and phone number to use for questions or assistance.

The Financial Aid office responded to student inquiries as they arose. In one case, Financial Aid staff completed the online form on behalf of a student who confirmed, via phone, that they incurred additional expenses as a result of the disruption to campus operations.
