

Campus Solutions 9.2 for Students

Welcome to Campus Solutions 9.2! FCC's newest version of the PeopleSoft Student Information System features a Fluid User Interface designed to work with mobile devices that can adapt the layout for a better user experience. To get you started, this guide introduces the navigation features you will use, including the Student Homepage, Banner, NavBar, and Tiles.

Logging In

In the upper right-hand corner of the FCC website, click on myFCC to access the MyFCC Student Portal or use <https://myfcc.frederick.edu/portal.aspx> Click on the PeopleSoft (Student Information System) box and log in using your current Username and Password.

Homepages

The Campus Solutions 9.2 (CS9.2) Student Homepage allows you to navigate the PeopleSoft system using a familiar tile layout, while its responsive user interface makes it easy to use from your phone, tablet, laptop, or desktop.

Banner

A menu bar, known as the banner, is at the top of Student Homepage and includes the following menu buttons:

Home – click to return to your Homepage

Search – do a global search to find a function

Action List – click to see a list of actions for the current window, including Sign Out

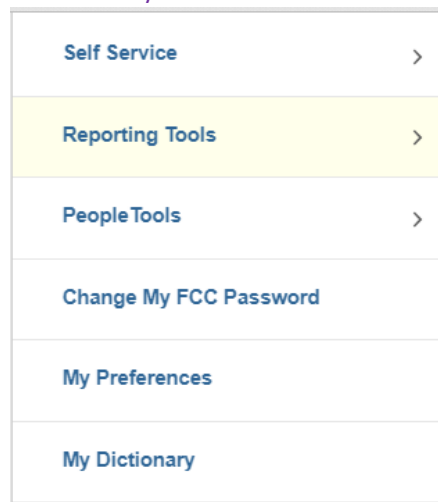

Navigation – the NavBar slides open from the side and provides an optional way to navigate

Recent Places will show you the last five pages you visited

My Favorites allows you to save your own list of favorite places in CS9.2

Navigator takes you to a fluid menu that will scale to your device

Classic Home takes you to the traditional Main Menu used in previous versions of PS

Tiles

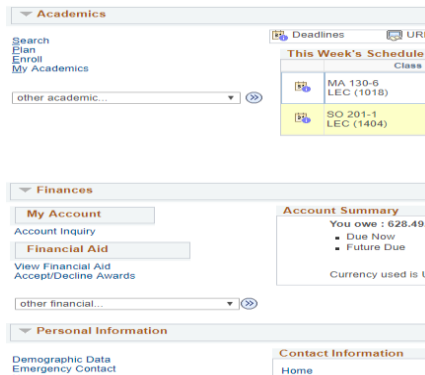

Tiles may be the easiest way for students to navigate. From the Student Homepage simply click on a tile to display a navigation menu giving you access to all its functions. The [How to Use your Homepage](#) tile links to this Navigation Guide so it can serve as a quick reference while you are using your CS9.2 student account.

Below is a quick overview of each tile on the Student Homepage:

Student Center

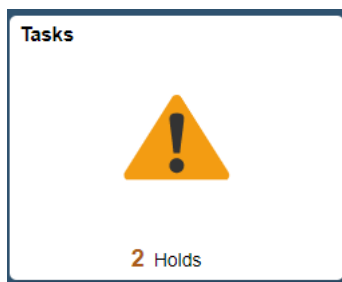

The traditional Student Center used in previous versions of PeopleSoft is accessed from this tile. Student Center includes all student functions but it is not mobile-responsive (it does not size to your device). When using CS9.2 from a phone or tablet, use the specialized tiles described below to access the same information with a responsive fluid interface.

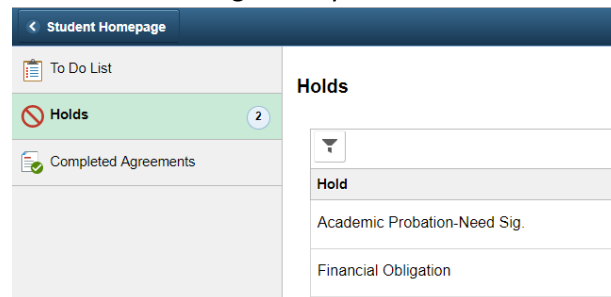

Tip: The **How to use your Student Center** tutorial is available by clicking on its link in the **FCC Sites** box on the right side of your Student Center.

Tasks

The Task tile is used to communicate information about your account. Financial Aid and other offices use it to inform students of actions or tasks they need to complete. In addition, registration holds are displayed here, such as an **academic hold** due to Academic Standing or a **financial hold** due to non-payment. **ALWAYS CHECK THIS TILE EACH TIME YOU LOG IN TO CS9.2.**

The Task tile always displays on your Homepage even if you do not have tasks to do, but the menu items (To Do List, Holds, Completed Agreements), ONLY display if you have a Task or a Hold assigned to you.

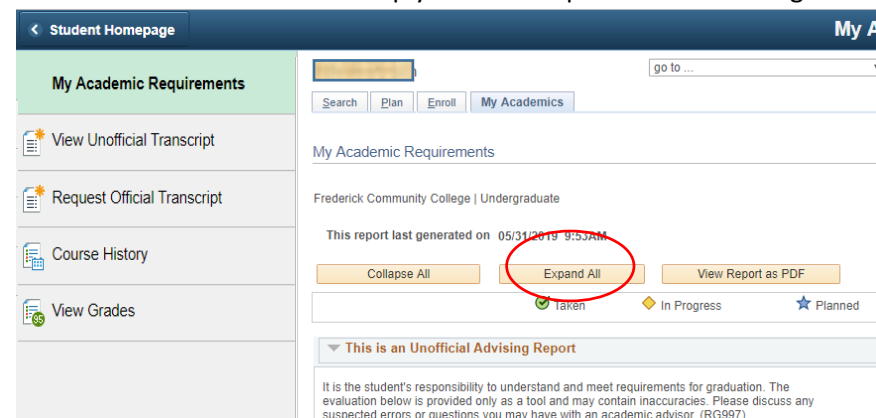

Academic Records

The Academic Records tile gives you access to your Academic Requirements as well as your Grades and Unofficial Transcript. The Official Transcript request page is also located here.

Academic Records opens onto your **Academic Requirements** (your Degree Plan), which outlines the courses needed in your major and tracks your progress towards completion. Students should use this in collaboration with their Academic Advisor prior to registering for courses each semester. Simply click the Expand All button to get started.

In addition to courses and grades, students will find their Term GPA, Cumulative GPA, and Academic Standing when using **View Grades** or **View Unofficial Transcript** from the menu of the **Academic Records** tile, shown below.

Academic Standing Effective 01/02/2020: Good Standing

Manage Classes

Use this tile to find and enroll into classes (start by clicking on Class Search and Enroll). In addition, you can view your current classes and your weekly schedule.

Manage Classes

- View My Classes**
- My Weekly Schedule
- Shopping Cart
- Class Search and Enroll
- Drop Classes
- Update Classes
- Swap Classes
- Browse Course Catalog

Class Search

This tile houses the same Class Search function that is in the Manage Classes tile above; it is on the Student Homepage as a separate tile to provide quick access when looking up classes. It is accessible from phones and tablets, but does not automatically resize the way other fluid tiles do. The fluid version of this tile will be available at a future date.

Profile

Using this tile, students can view their personal information.

Mobile Navigation

When using CS9.2 on a mobile device, the banner and its menu options reduce in size with the Action List remaining available. The tiles will also rearrange and size to your device, but it provides the same access.

Homepage Selector

Some students have an additional role on campus (Work Study Student, staff, or faculty member). Each role has a different Homepage with tiles and navigation specific to the functions of that role. To navigate between Homepages, use the center drop-down menu on the banner, called the Homepage Selector. (Note: the Staff Homepage is delivered by Oracle as My Homepage.)
