

B102 is equipped with a computer, projector, and an A/V control system with sound. The projection surface can be written on with a dry erase marker.

The computer is located on the instructor console. The PC will log in automatically.

- If the PC screen is blank, move the mouse to wake it up. If it does not respond, press the power button located on the right side of the screen.
- If the computer is locked or requires a log in, the username is B102-00 and the password should be left blank.

The A/V controller for projector power, volume, and input source is located on the wall to the left of the instructor console.

If you wish to connect other devices to project to the projection surface, use the cables on top of the console and press the corresponding button on the A/V controller.

An Apple TV and a DVD player are located in the instructor console.
