

Welcome to **C211-A**. This classroom is equipped with a PC, dual monitors, a ceiling mounted projector, and an audio video control system with sound.

The PC is located inside the instructor console. The PC will log in automatically. It is running Windows 10 and Microsoft Office. Other program specific software may be installed (if requested by a program manager).

- If the PC screen is blank move the mouse to wake it up. If it does not respond, press the power button located on the front of the computer.
- If the computer has locked or needs to log in, the username is C211A-00 and the password should be left blank.
- The DVD player is located in the PC. Playback controls will launch on the PC once the disc is inserted. USB ports are located on the front of the PC.

Buttons to control the projector power, volume, and input sources are located on the wall behind the instructor console.

If you wish to connect another device to project on the screen there are additional HDMI cables available on the instructor console. Press the corresponding button on the control plate.

If you require any software or hardware that is not currently installed in this classroom, please contact your Office Manager.
