

Availability Exceptions for Assessments

How to add exceptions to test/
assignment options for select
students in Blackboard

Identify the assessment

The screenshot shows a Blackboard LMS interface. On the left is a navigation sidebar with 'Users', 'Customization', 'Packages and Utilities', and 'Help'. A 'Quick Unenroll' button is also visible. The main content area displays a list of items: 'CH 01 FLASHCARDS', 'CH 01 REVIEW QUIZ', and 'CH 01 VOCABULARY MATCHING QUIZ'. A context menu is open over the 'CH 01 REVIEW QUIZ' item, listing options such as 'Edit the Test', 'Edit the Test Options', 'Make Unavailable', 'Adaptive Release', 'Add Alignments', 'Set Review Status(Disabled)', 'Metadata', 'Statistics Tracking (On/Off)', 'User Progress', 'Move', 'Item Analysis', 'Change Due Date', and 'Delete'. A white callout box with a black border contains the text: 'Select the assessment that you want to create accessibility options for and select "Edit the Test Options"'. Two red arrows point from this box to the 'Edit the Test Options' menu item and the 'CH 01 REVIEW QUIZ' item.

being studied. Survey research involves sending or administering questionnaires to samples of a larger population. Documentary research uses printed materials from archives or other resources, as a source for information. Other research methods include experiments, life histories, historical analysis, and comparative research.

- Each research method has strengths and limitations. For this reason, researchers will often combine two or more methods in their work, where each method is used to check or supplement the material obtained from the others. This process is called triangulation.

Add exceptions

The screenshot shows the Blackboard 'Test Options' configuration page. At the top, there are fields for 'Display After' (04/12/2020, 04:01 PM) and 'Display Until' (04/12/2020, 04:02 PM), along with a 'Password' field. Below this is the 'TEST AVAILABILITY EXCEPTIONS' section, which includes 'Add User or Group' and 'Remove All Exceptions' buttons. A table lists an exception for 'John Doe' with the following details:

Name	Attempts	Timer	Availability
John Doe	Single Attempt	<input checked="" type="checkbox"/> 120 <input type="checkbox"/> Auto Submit	<input type="checkbox"/> <input checked="" type="checkbox"/>

Below the table is the 'DUE DATE' section with a 'Due Date' field and a checkbox for 'Do not allow students to start the Test if the due date has passed.' The 'SELF-ASSESSMENT OPTIONS' section is partially visible at the bottom. A text overlay with arrows points to the 'Single Attempt', '120' timer, and 'Submit' button.

Add the exceptions you require and click "Submit"
