President's Message to the 2021 Graduates

Dear Graduate,

Congratulations Frederick Community College Class of 2021! You did it!

Completing a degree or certificate program is never an easy feat, especially during a pandemic that has brought a variety of challenges to us all. Yet, each of you persevered and remained committed to your academic and career goals. We are inspired by your dedication and your ability to rise to the challenge and succeed. We are proud to call you an FCC graduate.

Now that you have completed this great achievement, we hope you will take a moment to reflect on what you've accomplished. The many lessons you have learned during your time at FCC will serve you well in your next challenge. Whether you plan to transfer to a four-year college or university or enter the workforce, we know you have the knowledge and training needed to continue to grow, learn, and succeed.

Our community, state, nation, and world need you now more than ever. Use your gifts and talents to make a difference within your workplace, family, and community. Use your passion to become who you have dreamed of becoming, and your education to help lead you there.

College faculty, staff, and administrators are proud of all you have accomplished. While we celebrate your success today, we know your greatest achievements are ahead of you. We are cheering you on every step of the way.

Congratulations to the FCC Class of 2021!

Best wishes for a successful future,

Elizabeth Burmaster

Official degrees are awarded upon final certification by the registrar.*

Honors College Graduates 2020 - 2021

Students in the FCC Honors College take their learning "deeper, broader, or more complex." By engaging in leadership, research, or other applied learning, students gain a competitive advantage when applying to selective four-year colleges and transfer scholarships. The Honors College faculty are proud to recognize the graduating students in the program. Each student being recognized has earned at least 12 credits in honors courses. The bronze medal is worn by students whose grade point average is between 3.25 and 3.49. The silver medal is worn by students whose grade point average is between 3.5 and 3.74. The gold medal recognizes students whose grade point average is 3.75 or higher.

The Academic Costume

The black cap and gown worn by faculty in the academic procession have been the traditional costume of the scholar since medieval times and represent an adaptation of ecclesiastical dress since many of the scholars of that period were members of monastic orders.

During the Middle Ages, the caps, gowns, and hoods worn at college and university functions served the purpose of keeping the students warm in the damp, cold, and drafty unheated halls of learning. Today, the regalia serve a symbolic purpose. All graduates of higher education earn the right to wear the academic gown. The gowns, however, differ depending on the degree earned. The more elaborate the gown, the higher the degree. Differences can also be seen in the shape of the sleeves and the facing on the gown.

Although some institutions still use academic costumes of distinctive color and design, an intercollegiate commission in 1893 drafted a uniform code for costumes which has since been adopted by the majority of colleges and universities in the United States. Colors and corresponding fields of study follow.

ELIZABETH BURMASTER, PRESIDENT

Elizabeth Burmaster began as the 10th president of Frederick Community College (FCC) in August 2014. A Frederick native who graduated from Governor Thomas Johnson High School, Burmaster returned home after decades of educational leadership roles in Wisconsin.

Before assuming her presidency at FCC, President Burmaster was the president at Nicolet College since 2009. From 2001 to 2009, she served as the elected Wisconsin State Superintendent of Public Instruction. In that capacity, she also served as president of the national Council of Chief State School Officers.

Earlier in her career, President Burmaster was a teacher and principal at all levels—elementary, middle, and high school. She served on the University of Wisconsin System Board of Regents, the Wisconsin Technical College State Board, and the Governor’s Council on Workforce Development, as well as numerous national educational boards.

President Burmaster holds honorary doctorates from Edgewood College in Madison, Wisconsin, and Beloit College in Beloit, Wisconsin. Burmaster earned her Master of Science in Educational Administration from the University of Wisconsin-Madison. She also holds a Bachelor of Music with Honors in Music Education from the University of Wisconsin-Madison.

She and her husband, John, have three adult children and six grandsons.

After 45 years of service in public education, President Burmaster will retire at the end of July. She is grateful to the FCC student body for all the wonderful memories over the last seven years. Coming home to Frederick to serve as president of FCC was a highlight of her life.

DEBRA MORLIER, FACULTY PRESENTER

Debra Morlier is an assistant professor of psychology. Professor Morlier has been teaching for more than 20 years and became a full-time FCC faculty member in 2017. She served in the U.S. Army, is a former federal police officer, and is a licensed psychotherapist. Professor Morlier earned an associate degree in criminal justice from Harford Community College, a Bachelor’s of Science in behavioral sciences from The University of Maryland, and a Master’s of Arts in counseling psychology from Towson University. She is passionate about education, her students, her family, reading, and spending time outdoors. Professor Morlier is continually inspired by the fortitude, passion, and the visionary insight of FCC students.
